

Private Lessons

Private lessons are highly recommended for all band members. Usually private instruction is for a half hour once a week for approximately \$15.00 a lesson. Names of competent private instructors are below. Instructors will charge a particular amount according to their degree or level of expertise. You may want to call and get prices and ask if they have openings for a new student. Private instruction helps student's progress much more quickly than the average student. Because the student/ratio is one to one, each individual learns what that particular student needs improvement on. Many students choose private instruction to catch up to the rest of the band class. Other students take playing a step further to improve their range, musicality, etc. Most of our best musicians take private lessons. I would like to also suggest calling IUSB Fine Arts Office, Bethel College or Notre Dame Music Departments for additional instructors.
